

Croatia Island Discovery Deluxe

8 Days | Starts/Ends:

KNOW BEFORE YOU GO

Visas

Please be advised that visa requirements are subject to change and that visa procurement is the responsibility of the traveller and not On The Go Tours, therefore it is essential that you check current visa requirements with the embassy before travel. Please also ensure that your passport is valid for at least 6 months from your planned date of departure from Croatia.

UK, Australia, New Zealand, Canada and USA passport holders don't require a visa for a stay of less than 90 days.

South African passport holders REQUIRE a visa (issued before departure). Requirements for the procurement of a Croatian visa are subject to change but application requirements include the need to show proof of sufficient funds to cover duration of stay, proof of pre-paid accommodation or documentation regarding the purpose and means of travel (such as a return or onward ticket, details of holiday arrangement etc).

Health Requirements

You should seek medical advice before travelling to Croatia from your local health practitioner and ensure that you receive all of the appropriate vaccinations. As a guide Diphtheria, Hepatitis A and Tetanus is strongly recommended. The tap water in Croatia is generally considered safe to drink, but as a precaution against stomach upsets you may want to drink bottled mineral water, which is readily available from shops, hotels and restaurants.

Holiday Money

The official currency in Croatia is the Croatian Kuna.

Any money paid locally for optional excursions that you may wish to partake in can be paid in local currency only - Kuna.

If travelling with Euro, British Pounds, US Dollars and other major currencies these can be exchanged locally or in advance of departure. Internationally recognized debit/credit card can be used for cash machine withdrawals (available in all bigger towns). It's advisable to request bank notes in smaller denominations, as it can sometimes be hard to get change from large notes and smaller notes are handy for smaller purchases and gratuities. Traveller's Cheques are not recommended as they're often difficult to exchange and incur high fees.

Time & Voltage

Croatia is 1 hour ahead of Greenwich Meantime (GMT). From the last Sunday in March to the last Sunday in October, Croatia observes Daylight Saving and is 2 hours ahead of GMT. Standard voltage is 220 volts, AC 50Hz. Primary sockets generally require European plugs, of the two round pin variety. We recommend that you pack a universal travel adaptor. You will need a voltage converter, and plug adaptor in order to use U.S. appliances.

Climate

Croatia is a northern hemisphere destination with Mediterranean and continental climatic conditions. The continental climate is predominant with hot summers and cold winters. Along the Adriatic coast, dry summers are experienced with mild winters. Our cruises operate during the Croatian summer, when temperatures are generally high (particularly from June through September), so pack sunscreen and a hat, as the sun can be strong.
